SKILLS

- **Languages:** C++, Python, JavaScript, SQL, Java
- **Frameworks:** HTML and CSS
- **Tools/Platforms:** Git, GitHub, VS Code, MongoDB, MySQL
- **Soft Skills:** Problem-Solving, Adaptability, Self-Motivated, Collaboration

SUMMER TRAINING

Basics of Data Structures & Algorithms using C++ – Lovely Professional University (LPU)

Jul' 26 – Aug' 26

- Completed structured Data Structures & Algorithms training using C++, focusing on algorithm design, problem-solving, and computational complexity.
- Solved and implemented numerous programming problems covering arrays, linked lists, stacks, queues, trees, graphs, recursion, searching, sorting, and dynamic programming.
- Designed and developed a Tic-Tac-Toe game in C++, demonstrating object-oriented programming principles, modular code organization, and efficient game logic implementation.
- Strengthened algorithmic thinking by analyzing time and space complexity while completing hands-on coding assignments and mini-projects.

PROJECTS

Tic Tac Toe – DSA Game Project

Jul' 26 – Aug' 26

- **Overview:** Developed a modular Tic-Tac-Toe game in C++, applying arrays, functions, object-oriented programming, and algorithmic problem-solving.
 - Implemented input validation, turn management, winner detection, and reusable game logic using structured program design.
 - Applied STL, OOP, and DSA concepts while analyzing time and space complexity.
- Tech:** C++, STL, Object-Oriented Programming (OOP), Data Structures & Algorithms

IMDb Data Analysis – Data Analytics & ML Project

Jan '26 – Feb '26

- **Overview:** Analyzed the IMDb Top 1000 Movies dataset using Python to identify trends in movie ratings, genres, directors, and release years.
 - Performed data processing and exploratory analysis using Pandas, generating visualizations with Matplotlib for rating distributions, top-rated movies, genres, directors, and year-wise trends.
 - Built a Linear Regression model using Scikit-learn to analyze the relationship between number of votes and IMDb ratings.
- Tech:** Python, Pandas, Matplotlib, Scikit-learn, Linear Regression, Data Analysis, PowerBI

CERTIFICATES

C++ Programming — Infosys Springboard | Lovely Professional University

Aug' 25

DBMS Programming — Infosys Springboard | Lovely Professional University

Sep' 26

Basics of Data Structures & Algorithms using C++ | Lovely Professional University

Jun' 26 – Jul' 26

EDUCATION

Lovely Professional University

Bachelor of Technology - Computer Science and Engineering; **CGPA: 7.00**

Phagwara, Punjab

Since Aug' 24

Mamta English School

Intermediate; **Percentage: 84.67%**

Tornala, Maharashtra

Jun' 22 – Feb'

24

Jawahar Vidyalaya Jintur

Matriculation; **Percentage: 96.60%**

Jintur, Maharashtra

Jun' 21 – Mar'

22
